Sir:

In response to the Office Action dated February 21, 2003, please consider the following amendments and remarks regarding the above-identified application.

IN THE CLAIMS

Please cancel claims 49-50 without prejudice or disclaimer.

Please amend claims 33 and 51 as follows:

33. (Twice Amended)

A photocurable resin composition comprising:

- (A) an epoxy compound having two or more alicyclic epoxy groups;
- (B) a cationic photopolymerization initiator;
- (C) a polyfunctional monomer having two or more ethylenically unsaturated groups in one molecule;
- (D) a radical photopolymerization initiator;
- (E) a polyol having three or more hydroxyl groups in one molecule; and
- (F) core shell particles having an average particle diameter of 10-700 nm, wherein said core shell particles include
